

WP18

WP18 HIGH-SPEED INTERCEPTOR

With a top speed of 70 knots+, The WP18 Strike Craft is a sea-proven Ultra High-Speed Stealthy Assault and Special Operation Vessel. The WP18's stealth design is characterized by a low visual profile, low radar cross section and low infrared signature.

The unique hull features enable the interceptor to run smoothly at speeds of 60 knots sea state 3. Additionally, multiple weapons and payload integration packages are available.
